## PROFILE

I am a Creative Developer living in Heukelum and studying in Rotterdam. I develop full-scale creative digital experiences for some amazing agencies and hugely talented people around the world. I'm here to ask the necessary (and sometimes difficult questions) to create products and concepts that focus on and prioritize people.

## EDUCATIE

## EXPERIENCE

### INTERN DEVELOPER | REDKIWI DIGITAL AGENCY | 2023 - 2023

During my graduation period at Redkiwi, I conducted a study on the influence of language models on the development branch and their possible role in it. Based on my findings, a prototype was created that supports developers using these language models.

Reference: Rik Willems

### JUNIOR FRONT END DEVELOPER | DPDK DIGITAL AGENCY | 2021 - HEDEN

At DPDK, I developed mainly in the framework React (Next & Remix JS), on the front-end side of several websites. Thus, I worked with the different programming languages such as: Java/Typescript, SCSS, HTML, PHP and WEBGL

Reference: Colin Middelkoop

### INTERN FRONT END DEVELOPER | DPDK DIGITAL AGENCY | 2020 - 2021

At DPDK, I developed mainly in the framework React (Next & Remix JS), on the front-end side of several websites. Thus, I worked with the different programming languages such as: Java/Typescript, SCSS, HTML and PHP

Reference: Colin Middelkoop

### INTERN FRONT END DEVELOPER & DESIGNER | DE ZAKELIJKE WEBSITE | 2018 - 2019

At De zakelijke website, I was mainly involved in website UX/UI design and front-end development.

Reference: Marco Mes

### INTERN FULL STACK DEVELOPER | DUTCH BLUE | 2017 - 2018

At Dutch blue I worked with the framework Laravel. developing the front and backend of web applications.

Reference: Jack de Vreug
